Location	—	At Boys Town at 43rd Mile in Mananthavady, Kannur P W D Road.

Kozhikode (Northern Region).

(Sd.)
Chief Conservator of Forests.

Explanatory Note

District Collector, Wayanad as per Letter No. B3-29471/07 dated 7-1-2008 reported that large scale illicit removal of Government Timber from Revenue Land to outside is noticed and requested to strengthen the check posts in order to protect the illicit removal of Government Timber Wealth. Range Officer Peria after enquiry reported that removal of timber and other Forest produces are mainly to Kannur side through Mananthavady Kannur road which is in the only road from Wayanad to outside where there is no check posts at present to Prevent the illegal transportation through vehicles. Hence it is found necessary to establish a new Forest Checking Station at Boys Town in 43rd mile of Mananthavady-Kannur road from where the road diverts to Palchuram and to Nedumpoyil which leads to Kannur District. The new checking station is intended for the purpose that no timber or other Forest Produce will pass without a proper checking from Wayanad District.

Hence this notification is intended to achieve the above purpose.
